CONTRACT COMPLIANCE REGULATIONS

NOTIFICATION TO BIDDERS

(Revised 09/17/07)

The contract to be awarded is subject to contract compliance requirements mandated by Sections 4a-60 and 4a-60a of the Connecticut General Statutes; and, when the awarding agency is the State, Sections 46a-71(d) and 46a-81i(d) of the Connecticut General Statutes. There are Contract Compliance Regulations codified at Section 46a-68j-21 through 43 of the Regulations of Connecticut State Agencies, which establish a procedure for awarding all contracts covered by Sections 4a-60 and 46a-71(d) of the Connecticut General Statutes.

According to Section 46a-68j-30(9) of the Contract Compliance Regulations, every agency awarding a contract subject to the contract compliance requirements has an obligation to “aggressively solicit the participation of legitimate minority business enterprises as bidders, contractors, subcontractors and suppliers of materials.” “Minority business enterprise” is defined in Section 4a-60 of the Connecticut General Statutes as a business wherein fifty-one percent or more of the capital stock, or assets belong to a person or persons: “(1) Who are active in daily affairs of the enterprise; (2) who have the power to direct the management and policies of the enterprise; and (3) who are members of a minority, as such term is defined in subsection (a) of Section 32-9n.” “Minority” groups are defined in Section 32-9n of the Connecticut General Statutes as “(1) Black Americans . . . (2) Hispanic Americans . . . (3) persons who have origins in the Iberian Peninsula . . . (4) Women . . . (5) Asian Pacific Americans and Pacific Islanders; (6) American Indians . . .” An individual with a disability is also a minority business enterprise as provided by Section 4a-60g of the Connecticut General Statutes. The above definitions apply to the contract compliance requirements by virtue of Section 46a-68j-21(11) of the Contract Compliance Regulations.

The awarding agency will consider the following factors when reviewing the bidder’s qualifications under the contract compliance requirements:

(a) the bidder’s success in implementing an affirmative action plan;
(b) the bidder’s success in developing an apprenticeship program complying with Sections 46a-68-1 to 46a-68-17 of the Administrative Regulations of Connecticut State Agencies, inclusive;
(c) the bidder’s promise to develop and implement a successful affirmative action plan;
(d) the bidder’s submission of employment statistics contained in the “Employment Information Form”, indicating that the composition of its workforce is at or near parity when compared to the racial and sexual composition of the workforce in the relevant labor market area; and
(e) the bidder’s promise to set aside a portion of the contract for legitimate minority business enterprises. See Section 46a-68j-30(10)(E) of the Contract Compliance Regulations.

PLAIN LANGUAGE SUMMARY OF STATE ETHICS LAWS FOR CURRENT AND POTENTIAL STATE CONTRACTORS
Note: The following is a summary of the major ethics laws and related provisions applicable to current and potential state contractors. For more detailed information or to discuss any questions you may have, contact the Office of State Ethics at (860) 566-4472.

I. RESTRICTIONS ON THE BENEFITS YOU MAY GIVE TO STATE PERSONNEL
   GIFTS: In general, no one doing business with or seeking business from a state or quasi-public agency may give a gift to an official or employee of that agency. Connecticut’s gift ban is strict, but has some exceptions. For example, under the Ethics Code, you may give: (1) food and drink up to $50 per person per year, if the person paying, or his or her representative, is in attendance; and (2) tangible gifts up to $10 per item up to $50 per person per year. Also exempt are certain items such as informational materials, or plaques costing less than $100. For a complete list of the Code’s gift exceptions, consult Conn. Gen. Stat. § 1-79(e) or contact the Office of State Ethics.
   IMPORTANT RECENT CHANGE IN LAW: As of July 1, 2004, gifts for “major life events,” including a wedding or the birth of a child, which were previously exempt from the gift ban, are now subject to the strict gift limits outlined above if the gifts are provided by any individual or entity doing business with or seeking business from the state.
   NOTE: State agencies may have stricter gift rules than the provisions of the Ethics Code (for example, an agency policy may ban all food and drink). Be sure to obtain a copy of the agency’s ethics policy before you provide any benefit to an agency official/employee.

   NECESSARY EXPENSES: Under the Ethics Code, you may not pay a fee or an honorarium to a state official or employee for making a speech or appearing at your organization’s event. You may, however, under limited circumstances, pay the “necessary expenses” of such a state servant. These expenses are limited to: necessary travel, lodging for the nights before, or and after the speech, meals and conference fees. There may be reporting requirements attached to the giving and taking of necessary expenses, so contact the Office of State Ethics if you need more information. NOTE: Before providing necessary expenses, check with the state agency’s ethics officer to determine if the agency allows such payments.

   GIFTS TO THE STATE: The Ethics Code allows limited “gifts to the state” which facilitate state action or functions (for example, donating a piece of equipment to the agency).
   NOTE: Recent legislation was passed that may impact gifts to the state. Please contact the Office of State Ethics before giving a gift to the state to determine if such donations are acceptable.

II. RULES ON HIRING STATE PERSONNEL
Before you hire a current or former state employee, you should be aware of certain provisions of the Ethics Code. First, if you are considering hiring a current state employee, especially from a state agency with which you do business or by which you are regulated, you should know the following:
A current state employee must not accept outside employment that impairs his independence of judgment regarding his state duties, or that encourages him to disclose confidential information learned in his state job. Also, a current state employee may not use his or her state position for financial gain, however inadvertent that use may be. Therefore, for example, a current state employee who exercises any contractual, supervisory or regulatory authority over you or your business may not be able to work for you.
Second, if you are considering hiring a former state employee, you should be aware of the Ethics Code’s post-state employment, or revolving door, laws:
If you hire or otherwise engage the services of a former state official or employee, he or she may not represent you before his of her former agency for one year after leaving state service.
NOTE: The former State Ethics Commission established a limited exception to this provision which allows the former employee to return to his or her former agency within the one year period for the sole purpose of providing technical expertise
(for example, to help implement a previously awarded contract). This is a fact-specific exception that applies in very limited circumstances: therefore, you should contact the Office of State Ethics for further assistance if you think this exception applies to you.

If a state official or employee was substantially involved in, or supervised, the negotiation or award of a contract valued at $50,000 or more, and the contract was signed within his or her last year of state service, and you or your business was one of the parties to the contract, then you and/or your business are prohibited from hiring him or her for one year after he or she leaves state employment.

A former state official or employee can never represent anyone other than the state regarding a particular matter in which he or she was personally and substantially involved while in state service and in which the state has a substantial interest. Third, there are approximately 75 state officials or employees who may not negotiate for, seek or accept employment with any business subject to regulation by their agency, and may not accept employment with such a business for one year after leaving state service. Under that section of the law, it is also illegal for a business in the industry to employ such an individual.

III. CONFLICT OF INTEREST RULES THAT APPLY TO YOU AS A STATE CONTRACTOR

Under Conn. Gen. Stat. §1-86e of the Ethics Code, no state contractor, including a consultant or other independent contractor, can use the authority provided under the contract, or confidential information acquired in the performance of the contract, to obtain financial gain for himself, his employee, or a member of his immediate family. Also, a state contractor cannot accept another state contract that would impair his independence of judgment in the performance of the first contract. Finally, a state contractor cannot accept anything of value based on an understanding that his actions on behalf of the state would be influenced.

It is important to call the Office of State Ethics at (860) 566-4472 to discuss the application of this law, or any of the other ethics laws, to your specific situation.

IV. OTHER ETHICS PROVISIONS THAT MAY APPLY TO YOU

Contractors seeking large state contracts are required to execute affidavits regarding gifts and/or campaign contributions made to certain state employees or public officials in the two-year period prior to the submission of a bid or proposal. You need to check the web sites of both the Department of Administrative Services, www.das.state.ct.us, and the Office of Policy and Management, www.opm.state.ct.us, for copies of these affidavits and for other updated information regarding state contractors. Also, because the particular agency with which you wish to contract may have specific rules that you must follow, you need to check with that agency as well.

If you or your business provides “investment services” as defined in the Code of Ethics, and you make a political contribution in connection with the Office of the Treasurer, you may be prohibited from contracting with that office. See Conn. Gen. Stat. § 1-84(n).

Finally, if you or your business spends or receives $2,000 or more in a calendar year for activities that constitute lobbying under the Ethics Code, whether to affect legislation or the actions of an administrative state agency, then you and/or your business may have to register as a lobbyist with the Office of State Ethics, and more ethics rules will apply to you. Contact the Office of State Ethics, or review the lobbyist registration information at www.ct.gov/ethics.

Recent legislation (Public Act 05-287) prohibits anyone who is a party (or who is seeking to become a party) to a state construction, procurement, or consultant services contract over $500,000 from:

(1) Soliciting information from a public official or state employee that is not available to other bidders for that contract, with the intent to obtain a competitive advantage over other bidders;
(2) intentionally or recklessly charging a state agency for work not performed or goods or services not provided, or falsifying invoices or bills; or
(3) intentionally violating or trying to circumvent the state competitive bidding and ethics laws.

Recent legislation (Public Act 05-287) also requires any prospective state contractor to affirm in writing that he or she has been provided with a summary of the state’s ethics laws and that his key employees have read and understood the summary and agree to comply with the applicable provisions of the ethics law.

FORM 11 Campaign Contribution and Solicitation Ban

No state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor, with regard to a state contract or state contract solicitation with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

Recent legislation (Public Act 05-287) also requires any prospective state contractor to affirm in writing that he or she has been provided with a summary of the state’s ethics laws and that his key employees have read and understood the summary and agree to comply with the applicable provisions of the ethics law.
Sec. 4a-60a. Contracts of the state and political subdivisions, other than municipalities, to contain provisions re nondiscrimination and affirmative action provisions in contracts of the state and political subdivisions other than municipalities.

(a) Every contract to which the state or any political subdivision of the state other than a municipality is a party shall contain the following provisions: (1) The contractor agrees and warrants that in the performance of the contract such contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved, in any manner prohibited by the laws of the United States or of the state of Connecticut. The contractor further agrees to take affirmative action to insure that applicants with job-related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved; (2) the contractor agrees, in all solicitations or advertisements for employees placed by or on behalf of the contractor, to state that it is an "affirmative action-equal opportunity employer" in accordance with regulations adopted by the commission; (3) the contractor agrees to provide each labor union or representative of workers with which such contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such contractor has a contract or understanding, a notice to be provided by the commission advising the labor union or workers' representative of the contractor's commitments under this section, and to post copies of the notice in conspicuous places available to employees and applicants for employment; (4) the contractor agrees to comply with each provision of this section and sections 46a-68e and 46a-68f and with each regulation or relevant order issued by said commission pursuant to sections 46a-56, as amended by this act, 46a-68e and 46a-68f; (5) the contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the contractor as relate to the provisions of this section and section 46a-56, as amended by this act. If the contract is a public works contract, the contractor agrees and warrants that he will make good faith efforts to employ minority business enterprises as subcontractors and suppliers of materials on such public works project. Prior to entering into the contract, the contractor shall provide the state or such political subdivision of the state with documentation in the form of a company or corporate policy adopted by resolution of the board of directors, shareholders, managers, members or other governing body of such contractor to support the nondiscrimination agreement and warranty under subdivision (1) of this subsection. For the purposes of this section, "contract" includes any extension or modification of the contract, and "contractor" includes any successors or assigns of the contractor.

(b) For the purposes of this section, "minority business enterprise" means any small contractor or supplier of materials fifty-one per cent or more of the capital stock, if any, or assets of which is owned by a person or persons: (1) Who are active in the daily affairs of the enterprise, (2) who have the power to direct the management and policies of the enterprise and (3) who are members of a minority, as such term is defined in subsection (a) of section 32-9n; and "good faith" means that degree of diligence which a reasonable person would exercise in the performance of legal duties and obligations. "Good faith efforts" shall include, but not be limited to, those reasonable initial efforts necessary to comply with statutory or regulatory requirements and additional or substituted efforts when it is determined that such initial efforts will not be sufficient to comply with such requirements.

Sec. 4a-60a. Contracts of the state and political subdivisions, other than municipalities, to contain provisions re nondiscrimination on the basis of sexual orientation.

a) Every contract to which the state or any political subdivision of the state other than a municipality is a party shall contain the following provisions: (1) The contractor agrees and warrants that in the performance of the contract such contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of sexual orientation, in any manner prohibited by the laws of the United States or of the state of Connecticut, and that employees are treated when employed without regard to their sexual orientation; (2) the contractor agrees to provide each labor union or representative of workers with which such contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such contractor has a contract or understanding, a notice to be provided by the Commission on Human Rights and
Opportunities advising the labor union or workers’ representative of the contractor's commitments under this section, and to post copies of the notice in conspicuous places available to employees and applicants for employment; (3) the contractor agrees to comply with each provision of this section and with each regulation or relevant order issued by said commission pursuant to section 46a-56, as amended by this act; (4) the contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the contractor which relate to the provisions of this section and section 46a-56, as amended by this act. NOTICE TO EXECUTIVE BRANCH STATE CONTRACTORS AND PROSPECTIVE STATE CONTRACTORS OF CAMPAIGN CONTRIBUTION AND SOLICITATION BAN

This notice is provided under the authority of Connecticut General Statutes 9-612(g)(2), as amended by P.A. 07-1, and is for the purpose of informing state contractors and prospective state contractors of the following law (italicized words are defined below):

Campaign Contribution and Solicitation Ban
No state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor, with regard to a state contract or state contract solicitation with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

Duty to Inform
State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

Penalties for Violations
Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties—$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of $2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or $5000 in fines, or both.

Contract Consequences
Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided.

Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

    The proposer warrants, represents, and certifies that no elected or appointed official or employee of the State of Connecticut has or will, benefit financially or materially from this procurement. Any contract and/or award arising from this RFP may be terminated by the University of Connecticut Health Center if it is determined that gratuities of any kind were either offered to, or received by, any of the aforementioned officials or employees from the proposer, the Proposer's agent(s), representative(s) or employee(s).

It will not be sufficient for Proposers to merely state generally that the proposal is proprietary or confidential in nature and not, therefore, subject to release to third parties. Those particular sentences, paragraphs, pages or sections which a proposer believes to be exempt from disclosure under the FOIA must be specifically identified as such. Convincing explanation and rationale sufficient to justify each exemption consistent with Section 1-19(b) of the FOIA must accompany the proposal. The rationale and explanation must be stated in terms of the prospective harm to the competitive position of the proposer that would result if the identified material were to be released and the reasons why the materials are legally exempt from release pursuant to the above cited statute.

20. State Access to Records, Record Keeping, and Record Transfer:
The successful proposer shall prepare, maintain and preserve all records with respect to the administration of this program. During the term of the contract the University of Connecticut Health Center shall have access during normal business hours to all such records, in whatever form they exist or are stored, which records shall be the property of the University of Connecticut Health Center, and upon termination of the contract all such records, or exact copies thereof, shall be immediately turned over intact to the University of Connecticut Health Center. Said books and records shall be made available to the Auditors of Public Accounts of the State of Connecticut.

21. Confidentiality and Care of Data:
The successful proposer agrees to protect the confidentiality of any files, data or other material pertaining to this contract to the purpose of performing this contract. The successful proposer shall take all steps necessary to safeguard data, files, reports or other information from loss, destruction or erasure. Any costs or expenses of replacing or damages resulting from the loss of such data shall be borne by the contractor when such loss or damage occurred through its negligence.

22. Payments under a contract award:
Under no circumstances shall the successful proposer begin to perform under the contract prior to the effective date of the contract. All payments shall adhere to the payment terms negotiated in the contract award.
This form will be used in assessing a bidder’s qualifications and to determine if the RFP submitted is from a responsible bidder. Factors such as past performance, integrity of the bidder, conformity to the specifications, etc. will be used in evaluating RFPs. Attach additional sheets if necessary.
