**CHARTER OAK STATE COLLEGE OVERVIEW**
Charter Oak State College was founded in 1973 by the Connecticut General Assembly to serve those individuals who seek to complete a college degree, but cannot or do not choose to complete a college degree program through conventional means, often because of family, job or financial considerations.

Recognizing that learning takes place in many forms, Charter Oak State College provides its adult students with a flexible and convenient approach to higher education. Charter Oak State College has no campus and offers no on-ground instruction. The College draws its online teaching faculty from regionally accredited colleges and universities and from experts in business and industry. Currently, Charter Oak State College has over 150 instructors teaching over 250 online courses. The College provides online support services to its more than 2,000 enrolled students, including library, tutoring, book store, advising, and registration. There are currently over 10,000 Charter Oak State College Alumni.

In addition to offering its own courses, Charter Oak State College grants credit for courses from regionally accredited institutions, as well as through standardized testing and tests developed by the College, portfolio assessment, acceptance of credit recommendations from the American Council on Education and PONSI, and institutional assessments of credentials and certificates. Over the years, the College has offered increasingly more online courses, and most students use this approach to complete their degree.

Charter Oak State College awards four degrees: the Associate in Arts, the Associate in Science, the Bachelor of Arts and the Bachelor of Science. These degree programs enable students to meet career and personal goals. The content of the bachelor's degree programs is structured to provide the foundations needed for advanced study since a large number of Charter Oak State College alumni continue their education in graduate school. Students have a choice of over 40 subject area concentrations (e.g. business administration, health care administration, literature) or they may design their own liberal studies or individualized studies concentration where they combine two subject areas to form a cohesive plan of study. The concentrations are a minimum of 36 credits.
Scope of Services:
Charter Oak State College, the online public college of the State of Connecticut, is seeking a virtual classroom/teleconference recording solution and a voice-recording solution for integration into our learning management system (LMS), which is currently Blackboard Academic Suite v 7.3 and is expected to be upgraded to Blackboard Learn 9.x during 2010. The availability of both a robust virtual classroom environment and a simple, easy-to-use voice-recording tool within our LMS will offer our faculty and students new, dynamic, and seamless opportunities to participate, interact, and collaborate in our online courses. Beyond integration with the LMS, the virtual classroom/teleconference solution should also stand alone and enable the college administration to offer student support services, admissions counseling, and faculty and staff training opportunities via webinars and web conferencing, both live and archived (recorded).

Charter Oak is a 100% distance education institution and leverages the power of technology to shorten the physical distance between the institution and its students. Charter Oak wishes to engage with supplier(s) on the strategic planning and deployment of a virtual classroom/teleconference recording solution into a largely asynchronous environment determining the fit or GAP that can be filled by tool(s) that are provided in the proposal.

We are seeking proposals to address the following requirements:
1. A solution for synchronous web conferencing and virtual collaboration that integrates directly into Blackboard; and
2. A solution for an asynchronous voice recording and playback tool that integrates directly and seamlessly into Blackboard; and
3. Technical support provided by the supplier for selected solution(s) for end-user faculty, students, staff, and Charter Oak’s Tier 1 help desk staff;
4. Administrator and end-user training on selected solution(s) for college staff, plus training documentation to be provided for end-user faculty, students, and staff; and ability to provide strategic planning to develop key strategic initiatives, measureable outcomes, and collaboration applications for above bid tool(s).

Usage
Charter Oak expects to “grow its usage” within the product over a three year period. Below is the estimate of courses projected to leverage this tool. On average, Charter Oak subscribes sixteen (16) students per section of each course. Where appropriate, suppliers can leverage this information to provide sliding scale pricing to reduce the initial costs of the tool:

POLICY STATEMENT

The State Board for Academic Awards recognizes its responsibility to the principles of affirmative action and equal opportunity and is committed to ensuring that these principles are carried out by Charter Oak State College and the Connecticut Distance Learning Consortium with conviction and effort. The Board also recognizes that the purpose of this commitment to affirmative action is to overcome the present effects of past discrimination. A detailed results-oriented program must be implemented to combat such discrimination and achieve affirmative action.

The Board for State Academic Awards is the governing board for Charter Oak State College and the Connecticut Distance Learning Consortium and, as such, is a constituent unit of the state system of public higher education.

As Executive Director for the Board for State Academic Awards, I pledge this affirmative action and equal employment opportunity program as an immediate and necessary agency objective. I am fully committed to the successful implementation of the program’s objectives, provisions and procedures. Annual evaluations for managerial staff will include assessments of responsibilities to these provisions. This plan and future ones shall evidence my commitment to achieve the goals and timetables as identified.

There are major differences between Equal Employment Opportunity and Affirmative Action:

Equal Employment Opportunity means showing neutrality with regard to race, color, sex, national origin, religion, marital status, ancestry, age, disability, mental retardation, present or past history of mental disorder or criminal record of employees or applicants (a/k/a protected groups) in an employment context or decision;

In contrast, Affirmative Action is necessary because it helps guarantee the full and fair employment participation of protected classes by requiring the agency to go above and beyond normal employment practices in order to correct any imbalance in the work force.

This Policy Statement is based on the spirit and letter of state and federal anti-discrimination laws, regulations and executive orders. Enclosed is an attachment of these laws, which mandate and regulate our plan and program.

In accordance with the attached legal requirements, every agency staff member will share in the responsibility to implement this policy in all aspects of the employment process, including recruitment, selection, compensation, assignment, promotion and up-grading, training, transfer, discipline, termination, layoff and recall, and all other terms, conditions and privileges of employment. The Affirmative Action Officer will monitor all activities undertaken in these areas and shall take reasonable action in relation to problems disclosed, such as to make recommendations for policies and procedures which will eliminate actual or potential problems, establish goals and timetables which recognize the race, sex or national origin of employees and applicants for employment.

All members of the Board and staff shall ensure that no person shall be excluded from participation in, denied benefits of, or otherwise be discriminated against under any program because of his/her race, color, sex, national origin, religion, age, handicap, civil union, or marital status. Additionally, we will not knowingly use the services of, patronize, nor otherwise deal with any business, contractor or agency that engages in acts of unlawful discrimination. We are committed to recognizing the hiring difficulties experienced by the physically disabled and by older persons. Program goals and timetables will be established to overcome the present effects of past discrimination, if any, to achieve the full and fair utilization of physically disabled and older persons in the work force.
Sexual harassment, another form of sex discrimination, will not be tolerated in any work place overseen by the Board for State Academic Awards, Charter Oak State College, and the Connecticut Distance Learning Consortium. Sexual harassment is a violation of Section 703 of Title VII of the Civil Rights Act and Section 46a-60(8) of the Connecticut General Statutes. Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct constitute sexual harassment, when (1) submission to such conduct is made either explicitly or implicitly a term or condition of any individual's employment, (2) submission to or rejection of such conduct by an individual, or (3) such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment. Sexual harassment shall constitute grounds for disciplinary action.

Clifford Williams, Chief Financial & Administrative Officer, shall serve as the agency's Affirmative Action Officer and have the responsibility for development and implementation of the agency's Affirmative Action Plan. He is located at 55 Paul J. Manafort Drive, New Britain, CT 06053, and may be reached at (860) 832-3898.

Campaign Contribution Restrictions

For all State Contracts as defined in P.A. 07-1 having a value in a calendar year of $50,000 or more or a combination or series of such agreements or contracts having a value of $100,000 or more, the authorized signatory to this Agreement expressly acknowledges receipt of the State Elections Enforcement Commission notice advising state contractors of state contribution and solicitation prohibitions, and will inform its principals of the contents of the notice. See the following: – SEEC Form 11.

SEEC FORM 11
NOTICE TO EXECUTIVE BRANCH STATE CONTRACTORS AND PROSPECTIVE STATE CONTRACTORS OF CAMPAIGN CONTRIBUTION AND SOLICITATION BAN

This notice is provided under the authority of Connecticut General Statutes 9-612(g)(2), as amended by P.A. 07-1, and is for the purpose of informing state contractors and prospective state contractors of the following law (italicized words are defined below):

Campaign Contribution and Solicitation Ban

No state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor, with regard to a state contract or state contract solicitation with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

In addition, no holder or principal of a holder of a valid prequalification certificate, shall make a contribution to, or solicit contributions on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of State senator or State representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee;

Duty to Inform:

State contractors and prospective state contractors are required to inform their principals of the above prohibitions, as applicable, and the possible penalties and other consequences of any violation thereof.

Penalties for Violations

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

Civil penalties—$2000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of $2000 or twice the amount of the prohibited contributions made by their principals.

Criminal penalties—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or $5000 in fines, or both.

Contract Consequences

Contributions made or solicited in violation of the above prohibitions may result, in the case of a state contractor, in the contract being voided. Contributions made or solicited in violation of the above prohibitions, in the case of a prospective state contractor, shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State will not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

Additional information and the entire text of P.A. 07-1 may be found on the website of the State Elections Enforcement Commission, www.ct.gov/seec. Click on the link to “State Contractor Contribution Ban.”
